

Send your kid to university this summer! Designed especially for Grades 4, 5, and 6 (campers going into Grade 4 or 7 are eligible), UFV's Science Rocks! camps are fun and an awesome learning opportunity for your kids.

Each camp week is different! Kids get to learn something new, see real science labs, play outside, and experiment with fun activities that explore physics, biology, chemistry, mathematics, agriculture and computer science. Many of the weeks will also include geography and kinesiology activities.

ABBOTSFORD CAMPS

CAMP 1: July 2-5*

Fractals, Figures, inFinity!

Each day campers will indulge in one or two activities all about math! Whether it be solving puzzles, identifying patterns, or uncovering other secrets and magic of numbers and shapes, this camp is great for any problem solver! Partially supported by a grant from the Canadian Mathematical Society.

CAMP 2: July 8-12

Fire, Flood, Frost!

Each day campers will get to experience one or two activities about the natural environment of Earth, ranging from fiery explosions in a lab to learning about the mystical chills of our planet!

CAMP 3: July 15-19

Flora, Fauna, Fossils!

Each day campers will engage in one or two activities all about the life around us, from the plants and animals we see every day, to those we haven't seen in millions of years!

CHILLIWACK CAMPS
