## Newsletter #5 – January 2022

### PRINCIPAL'S MESSAGE

Greetings AR Families,

Once again we find ourselves in the middle of a wave of Covid-19, this time with Omicron. For the last couple of weeks there has been high absenteeism among both staff and students and this has presented logistical challenges that we take one day at a time. Please let your children know that they may run across any of the following for the next little while: classes taught by TTOCs, other teachers from the school, or district staff; classes combined with each other for a day if the attendance in both is very low. It is also possible that specialized classes such as music and drama will be cancelled, and that students with special needs will be working with staff who are less familiar to them. Hopefully this particular set of difficulties will shortly be in the rearview mirror. Meanwhile, we really appreciate your patience and the flexibility of our teaching and support staff in accommodating many last-minute changes.

Frequently parents call us asking what to do about illnesses, and we can only direct you to 811 as the school cannot dispense medical advice. In general, and as of January 25th the information below was correct:

#### If You Test Positive for COVID-19

Your age and vaccination status determine how long you should self-isolate for if you test positive for COVID-19.

Age	Vaccination Status	Guidance
Under 18 years of age	Unvaccinated, partially vaccinated or fully vaccinated	Self-isolate at home for 5 days AND until your symptoms improve and you no longer have a fever. Avoid non-essential visits to higher risk settings like long-term care facilities and gatherings for another 5 days after ending isolation.
18 years of age or older	Fully vaccinated	
	NOT fully vaccinated	Self-isolate at home for 10 days AND until your symptoms improve and you no longer have a fever.

Close contacts, who are usually others in your household, do not need to self-isolate (regardless of vaccination status), but should closely self-monitor for symptoms. BCCDC has more information for [close contacts](#).

We look forward to returning to the new normal as soon as possible, and thank you for keeping your children home when they are not feeling well.

Meanwhile, congratulations to Ms. Hsiao's Division 19 class, who collected 364 pairs of socks and gloves for refugees in our community. This is great news and represents a lot of work on behalf of Ms. Hsiao's class and the generosity of our neighbourhood.

### GRADE 4 and 7 Survey and Assessment:

In January and February students in Grade 4 and Grade 7 participate in the Middle-Years Development Instrument (MDI) and the Foundation Skills Assessment (FSA).

#### MDI:

The MDI is a confidential self-reporting questionnaire that is completed online during approximately an hour of school time. It is widely considered to be an important and useful tool for planning school and community services. The MDI is not an assessment of individual children, but rather a survey of the population at large. Among other things, it is used to determine what after-school services, community programs, and facilities are most needed in our neighbourhoods.

Participation in the MDI is encouraged but not mandatory - should you wish to exempt your child the forms required to do so were sent out on the portal before the winter break.

The MDI will be administered between January 11<sup>th</sup> and March 11<sup>th</sup>.

## DISTRICT PROGRAMS INFO NIGHTS

### WHEELHOUSE

The Wheelhouse program challenges **Grade 6 and 7 students**, and supports them in becoming life-long learners and responsible citizens. Program highlights include the following:

- Weekly field study days during which students learn outside the regular class setting;
- A classroom of care and discovery that is well supported by staff, parents, and community mentors;
- Leadership activities that improve confidence, citizenship, and social responsibility;
- Wheelhouse students are part of the school district 1-to-1 program, which assigns each student an iPad for use throughout the school year.

For more information, including information session dates, please visit *The Wheelhouse* online at <https://wheelhouse.sd42.ca/>.

## VALENTINE'S DAY SAFETY PROTOCOLS

With Valentine's Day approaching please be reminded of the following:

### **-Valentine Cards**

Valentine card exchange is permitted, no restrictions on what type of card this year.

### **-Homemade Baked Goods**

Schools and district buildings must not allow homemade food items available to students or staff at this time. Only individually prepared and packaged commercial items are acceptable. These must be distributed by the teacher.

### **-Valentine Dances**

Not permitted at this time.

### **-Hand Washing**

Many of us are experiencing hand washing/sanitizing fatigue, but both students and staff must remain diligent in this control measure.

*Thank-you for remaining vigilant with all protocols so we can be safe.*

## PINK SHIRT DAY (KINDNESS COUNTS DAY)

Kindness Counts Day is on February 23, 2022. We encourage all students and staff to dress in **PINK** for the day.

Open to all 7-19 year olds

RMMBHA has been committed to offering an organized and affordable house youth ball hockey experience in the Pitt Meadows, Maple Ridge and Mission areas since 2003. Our league's volunteers strive to create an inclusive community with a focus on building a fun, competitive athletic atmosphere that helps all players learn and develop their ball hockey skills. We encourage sportsmanship and fair play, while instilling a

passion for the game. RMMBHA is a co-ed league and we are always looking to expand the involvement of girls in our sport.

Through BCBHA and CBHA there are opportunities to challenge our skilled, minor ball hockey players in tournaments against other teams throughout BC, other provinces and at an international level.

These include:

- The Western Challenge Cup Tournament
