Some programs to highlight:

[Métis Floral Painting | Culture Days](#) – This is a free program for Culture Days being offered at Albion Community Centre

Métis culture through floral patterns, design and landscape. Métis beadwork is an important part of our culture. Beading is an art form that has been passed down from many generations in Métis families. During this workshop, you will create your own floral painted design using a technique by dotting the paint to represent a bead. This skill takes time and patience. You will leave with your own unique floral piece.

Breakfast With Santa
AT THE ALBION COMMUNITY CENTRE

*"Twas the holiday season in our neighbourhood.
 The kids were excited - all year they'd been good!
 Before Christmas day, Santa had one more stop...
 "To Albion," he said. "Time to leave my workshop!"*

Join us for breakfast at the ACC where you and your loved ones will visit with Santa while getting into the holiday spirit! Explore the ACC for crafts, activities and even a game of holiday-themed "I Spy".
