

Edith McDermott PAC Meeting

October 05, 2026

Just as a reminder the purpose of PAC meetings are to address things like PAC spending, fundraising opportunities, events, speakers and so on. PAC is not a forum to discuss individual student or staff problems or conflicts. But we would like to let you know that the avenue to address those concerns are first with the classroom teacher and then to the school principal (Ms Crump), if you feel you need to discuss the matter further.
