

HERE'S the SCOOP

Mar 28th to Apr 1st

Week at a Glance

Monday Mar 28th

Welcome back!

Friday Apr 1st

Fairview Fridays- Wear your school spirit
Hot Lunch (subway)

Reminders/ Updates:

Thank you to our wonderful PAC for organizing and paying for the boulders that were put into our courtyard! We can't wait to get out there with the kids.

Please ensure that you have read updates regarding masks if you have recently been traveling

We will continue to have students line up outside and enter the school with their teachers. If you are hoping to come in and meet with your teacher, please ensure you book an appointment and sign in at the office

PAC Updates:

Hot Lunch this Friday

See below for more PAC updates

You do not need to have all the answers to start a conversation. Join us for a short video and panel discussion about listening and creating a safe space for ongoing conversations with the young people in your life.

SCIENCE ROCKS! DAYS 2022

Send your kid to university for the day! Our program is designed especially for Grades 4-8. UFV Science Rocks! events are fun learning opportunities for your kids.

Kids get to learn something new, see real science labs, play outside, and experiment with fun activities that explore physics, biology, chemistry, mathematics, geography and computer science.

ABBOTSFORD CAMPS

CAMP 1: Saturday, April 2 (Ages 9-11)

Science in Space!

Explore all the fun and excitement space has to offer right here on Earth with our "Science in Space" camp. Learn all about gravity and why things fall, the possibility of life in space, create a replica of the phases of the Moon, and even make your own spectroscope! This camp is jam-packed with all things physics, chemistry, math, and biology; it's out of this world!

CAMP 2: Saturday, April 9 (Ages 12-13)

Super Spy!

Have you ever wanted to be an international super spy? This camp is for you! Learn spy secrets like fingerprinting, create a code to crack the system, encode and decode secret ciphers, and even learn how to isolate DNA! This camp is full of science activities that include chemistry, math, and biology!

MASKS & VACCINE INFORMATION

At UFV, the health and safety of our community is paramount. The Provincial Health Office (PHO) has implemented orders that directly affect UFV. Masks must be worn in all public indoor areas which include classrooms, labs, lobbies and hallways, stairwells and elevators, so masks will be required for all campers. As this is a discretionary event, we unfortunately cannot accommodate children with a mask exemption.

We request that all campers be vaccinated. Campers aged 12+ will be required to show proof of vaccination.

ABOUT THE CAMPS:

Time: 9 am – 4 pm

Location: UFV Abbotsford and Chilliwack Campuses

Student/leader ratio: We have a limit of 24 campers/week, with a camper to instructor ratio of 6:1. One or more UFV science faculty members will be on site at all times.

Questions? Contact Robin Endelman, Coordinator by phone at 1-888-504-7441 ext 4779 or email at sciencerocks@ufv.ca

CHILLIWACK CAMPS

CAMP 3: Saturday, April 30 (Ages 9-11)

Mad Scientist!

Discover what makes a mad scientist with this jam packed STEAM day! Activities include creating a density tower, playing music using a water xylophone, and even coding your very own dance move! Get ready for all things science including physics, math, chemistry, biology, and computer programming!

CAMP 4: Saturday, May 7 (Ages 12-13)

Anato-Me!

Discover the inner workings of the human body in this day-long themed camp! Explore the function of digestive enzymes, play with a model of a human heart, and even build a robot replica of your own hand! During this camp you'll explore biology, chemistry, and physics within the human body!

Cost: \$40 - includes camp t-shirt, lab book, and bag!

Visit us online at ufv.ca/science-rocks for more details and registration information!
