### MORNING MOVEMENT (GR. K-7)

Maple Ridge-Pitt Meadows School District No. 42 in partnership with Maple Ridge Parks, Recreation & Culture are offering a morning breakfast recreation program for students at Glenwood. Students will start their day out right getting in some physical activity and having a healthy breakfast before the school bell. The program will focus on physical activities that teach children fundamental

movement skills through play. Students and Recreation staff will co-create the morning sessions together. Staff will ensure that students voice is at the forefront of their programming. Staff will do this at the beginning of the session by engaging the them in dialogue about what games and activities they would like to do. The program will provide a safe, fun, active and inclusive opportunity to set the students up for success in their day.

We believe that every child has the right to play and sports and recreation is an accessible starting point that brings community together. Through play, students are forming meaningful connections that improve their sense of confidence and belonging.
