It has been 20 years since May 17th was named the International Day against Homophobia, Transphobia, and Biphobia. This day was chosen to honour May 17, 1990, the date the World Health Organization made the landmark decision to declassify homosexuality as a mental disorder. It is a day to recognize hard-earned progress, while also addressing the pursuit of equality, both in Canada, and within our Defence Team.

Two-Spirit, lesbian, gay, bisexual, transgender, queer, intersex and additional sexually and gender diverse communities continue to face adversity and challenges in our pursuit of rights and inclusion. A disproportionate percentage of these communities continue to report experiencing discrimination and harassment.

Hitting the Target

After spring break through to a couple weeks ago, our students embarked on a Target Games unit. Our most simplistic games category covered games like Gaga Ball and Bean Bag Toss. A few students demonstrated exceptional qualities that earned them this units top awards. Congratulations students! Students next unit is underway. For intermediate students it is Track & Field. For our primary students, we are exploring "competition".

This month is Mental Health Awareness Month!

Mental Health Awareness Month takes place across Canada in May every year. During this month, Canadians can learn about mental illnesses and how they affect people’s lives in different ways. In addition, the public can learn more about how to reduce the stigma around mental illnesses.

We will be providing some education on Mental Health this month!

Warmer Weather Attire and Safe Shoes

As the warmer weather becomes more the norm (hopefully), our thoughts are starting to turn to Spring and Summer clothing. Please remember our dress code, in which we ask students to wear appropriate clothing to school. Students are expected to dress in a manner appropriate for an elementary school. The school district is committed to providing students with learning environments that are safe, responsive, and inclusive. The district recognizes that decisions about dress reflect individual expression of identity, socio-cultural norms, and that they are personal.

Students may attend school and school-related functions in dress of their choice provided that their choices:

- Conform with established health and safety requirements for the intended activity;
- Do not represent or promote weapons, gang culture, and controlled substances including but not limited to drugs, alcohol or tobacco;
- Use respectful language;
- Do not depict or promote violence, racism, sexism or discrimination; and
- Are not intimidating to others.

Staff may use their discretion if they believe an article of clothing is not appropriate for an elementary school. Ultimately, the school administration has the responsibility to apply the dress guidelines when necessary. If any person dresses in an inappropriate manner, the student should be advised personally and discretely and given an opportunity to meet school district guidelines.
