## Reporting Student Learning

Teachers are required to communicate student progress 5 times during the school year starting with parent/student/teacher conferences.

Parent/student/teacher conferences will take place the first week of December on Thursday November 27<sup>th</sup> (early dismissal) and Friday, November 27<sup>th</sup> (full day). Information regarding sign up times will be posted on the portal early in November.

Conferences will be in-depth and will be based on a collection of student work. Teachers and students will comment on individual learning in a conference format rather than a formal written report. At the conference, a future learning goal will be determined by the student, parent and teacher. Notes of each conference will be kept in the student's file. Parents will receive a copy of the notes from the conference.
