

...COMING NEXT WEEK!

"WEEK AT A GLANCE" Jan.26-30

Morning routine reminder!

All students should be meeting their teacher outside in their line ups every morning and not entering the school unless they are going directly to a morning club. *Students are asked to not cut through the school to get to their line ups.* Many students are wandering the hallways or hanging out in washrooms which takes away from staff having time to prepare for the arrival of the students!

Small Moments, Big Impact

Each day at school, we focus on helping students feel safe, connected, and ready to learn. Families can support this work at home by taking a few minutes to check in with your child about their day—what went well, what felt challenging, or something they're proud of. These small, consistent conversations build confidence, strengthen relationships, and help children develop the skills they need to thrive both academically and socially.
