PARENT INPUT FOR CLASS PLACEMENT FOR 2018-19

Student's Name:	
Parent's Name:	
Current Grade: _	Current Teacher:

In June, teaching staff and administration will prepare tentative and temporary class organizations to best plan for the opening of school in September. This process is complex and time consuming and must take into account many factors; the main ones being:

- > Total school enrollment and numbers of children in each grade
- > Balance of class sizes
- > Balance of class composition
- Social and academic needs of children across classes
- > Gender balance
- > Friendship groups

Because situations change over the summer with families leaving without notifying the school and new families moving into the area, the organizations that are made in late June must often change. Specific grade and teacher assignments are not finalized until the end of the first week of school in September.

Please do not feel that you are required to provide input, as your child's current teacher(s) will be present and directly involved in the placement process. If you do wish to provide input, we must receive it in writing **no later than FRIDAY**, **JUNE 1st.** This feedback should state the "special and significant educational circumstance sought" and **SHOULD NOT NAME A SPECIFIC TEACHER**. Parent input is one of the many factors taken into consideration as staff go through the placement process. **PLEASE BE ADVISED THAT SUBMITTING THIS FORM DOES NOT GUARANTEE THAT WE WILL BE ABLE TO ACCOMMODATE YOUR REQUEST.** The school will continue to make the final determination of class organization.

Please respond to the following by providing information about your child that you wish to be considered including: academic needs and learning style, physical needs, and social/emotional needs.
