

KANAKA CREEK ELEMENTARY SCHOOL

11120 234A STREET • MAPLE RIDGE, BC • V2W 1C8
Ph: 604-467-9050 • Website: schools.sd42.ca/kc

Principal: Mr. Chad Raible
Vice-Principal: Mrs. Julie Ashley

STUDENT & PARENT HANDBOOK

Student Name: _____

Term 2

Goal:	How I am going to achieve that goal:
-------	--------------------------------------

Term 3

Goal:	How I am going to achieve that goal:
-------	--------------------------------------

MISSION STATEMENT

To develop a community of responsible learners
who strive to attain their potential in a safe, cooperative, and healthy environment.

CODE OF CONDUCT

The Kanaka Creek School Code of Conduct has been established to ensure a safe, caring and orderly environment exists at our school.

The purposes of the Code of Conduct include:

- To encourage the development of socially responsible behaviour resulting in a positive reputation for, and the well-being of, students and the school community;
- To foster a safe and welcoming learning environment for all students, staff and parents;
- And, to clearly communicate behavioural expectations to the school community.

The Code of Conduct applies to all members of the school community at school, traveling to and from the school, at any school-related activity at any location, or any circumstance/activity that will have an impact on the school environment.

Respect for Human Rights: In fostering a community of respect, inclusion, fairness and equity, we expect students to not be discriminatory towards others because of race, colour, ancestry, place of origin, religion, marital status, family status, physical or mental disability, sex, sexual orientation, gender identity or expression, or age.

The following **Human Rights Codes [RSBC 1996, c. 210]** will be respected:

Excerpt from Section 7 • Discriminatory Publication

1. A person must not publish or display, or cause to be published or displayed, any statement, sign, or other representation that
 - a. indicates discrimination or an intention to discriminate against a person,
 - b. is likely to expose a person to hatred or contempt

Excerpt from Section 8 • Discrimination in accommodation, service and facility

- 1 A person must not, without a bona fide and reasonable justification,
 - a. deny to a person any accommodation, service or facility customarily available to the public, or
 - b. discriminate against a person or class of persons regarding any accommodation, service or facility customarily available to the public

Discipline is essential when building accountability, responsibility, and respect for others and self. Long term changes in children's behaviour are achieved with instruction that has consistent expectations and consequences.

Using WITS: We expect students to strive to apply problem-solving strategies, that maintain the dignity of every person and resolve disagreements in a peaceful manner. To help students understand respectful behaviour and appropriate problem-solving staff actively teach students to use **WITS** and reinforce what respectful behaviour looks, sounds, and feels like on an ongoing basis.

- Walk Away – students are encouraged to avoid problems before they have a chance to develop.
- Ignore – students can defuse situations by not responding to the inappropriate behaviour of others.
- Talk It Out – students state how others' behaviors are making them feel and ask them to stop.
- Seek Help – students tell an adult at any stage and can get assistance for any problem.

GUIDING PRINCIPLES

Be Safe. Work and play in a manner that is safe for ourselves and others. This means we:

- Keep hands and feet to ourselves.
- Work and play safely. Walk in hallways at all times.
- Stay on the playground and only leave if going home for lunch with permission or picked up by a caregiver.
- Refrain from throwing objects that could cause injury or damage to property (rocks, sticks, snowballs, wood chips).
- Walk bicycles, scooters, skateboards on the school grounds.

Be Kind. Demonstrate care through our words and actions. Consider how other peoples' feelings and well-being at school. This means we:

- Speak and act towards each other in a peaceful and non- threatening way.
- Use welcoming language. Refrain from swearing and making hurtful or discriminatory remarks or gestures (e.g. name calling, or language putting down a particular person, ethnicity or group, etc.).
- Invite others to play with us.

Be Respectful: Be courteous and polite to other people. This means we:

- Respect and care for school equipment, our neighbourhood, and personal property.
- Avoid disturbing others during their work time.
- Use common areas quietly.
- Exercise courtesy, respect and good manners at all times.
- Keep our school and grounds clean. Pick up litter / garbage.
- Follow recess and lunch hour school rules and listen to supervisors.

Be Responsible: Show respect towards all members of the community. This means we:

- Arrive at school on time, are ready to learn, and complete work to the best of our ability.
- Before and after school use assigned entrances and don't loiter in hallways or washrooms.
- Leave expensive and valuable items at home.
- Choose to dress in a manner which is appropriate for school and school-related functions, and respects the following:
 - Conforms with established health and safety requirements for the intended activity;
 - Does not represent or promote alcohol or drugs;
 - Uses respectful language;
 - Does not depict or promote violence, racism, sexism or discrimination; and
 - Is not intimidating to others.

UNACCEPTABLE BEHAVIOURS:

Certain behaviours will be considered unacceptable while at school, at a school-related activity or in other circumstances where engaging in the activity will have an impact on the school environment. Examples of unacceptable behaviours include, but not limited to:

- Threatening or violent behaviours.
- Physical altercations of any kind.
- Continuous repetitive disruptive behaviour.
- Defiance towards teaching staff or supervisors.
- Theft, vandalism, or mistreatment of school or others' personal property.
- Wearing clothing which is inappropriate for a school and learning (e.g. featuring offensive, vulgar, derogatory language or images, referencing drugs, alcohol, sex or foul language. See comments in previous section).
- Teasing (hurtful remarks, gossiping, inappropriate gestures).
- Bullying, cyberbullying, harassment or intimidation, including communication via phones, computers, social media, emails or text messages to members of the school community at or away from school.
- Unauthorized use of phones and electronic devices in the school.
- Disregard of School District #42 policy regarding no weapons, replica weapons, matches, lighters, laser pointers, cigarettes, violence, alcohol and drugs.

Bullying and Intimidation have a negative effect on the learning climate of the school. Every student has the right to an education and the right to be and feel safe in and around the school. Therefore, everyone has rights and responsibilities in cultivating and maintaining a safe environment where all have the right to belong. Although the nature of the school community is a very positive one and we have very few incidents of bullying, it may still exist. Bullying is defined as "a pattern of repeated aggressive behaviour, with negative intent directed from one person to another where there is a power imbalance" (*Focus on Harassment and Intimidation: Responding to Bullying*). Bullying may include:

- Physical Intimidation or Assault;
- Extortion or stealing money or possessions;
- Oral or written threats, teasing put-downs, name calling;
- Threatening looks, gestures or actions;
- And, cruel rumours, false accusations and social isolation.

Anyone who witnesses bullying is encouraged to respond safely, promptly and appropriately. Any member of the school community who has concerns is encouraged to speak with school administration, teacher, counselor, etc.

Consequences for the person who is bullying could range from:

- Discussions with all students involved with proactive solutions decided upon.
- Discussions with students' parents.
- Completion of assignments that focus on school responsibility such as, problem solving sheets, essays, and school service.
- Referral to school counselor, behaviour plan development, additional support/supervision.
- Suspension.
- RCMP Involvement.

CONSEQUENCES FOR UNACCEPTABLE BEHAVIOUR:

Responses to unacceptable conduct will be thoughtful, consistent and fair. Staff regularly encourage and recognize students who act safely, respectfully and responsibly. When a student's behaviour infringes upon the rights of others there will be follow-up, so students understand the rules of our community. Staff strive to teach students to make positive decisions and peacefully resolve conflicts.

Rising expectations: Expectations for student conduct for younger students differ from those for older students as they do for students with special needs. Consequences for student misbehaviour are determined on an individual basis. Responses will take into consideration the student's age / developmental level, the seriousness of the incident, and past conduct. Special considerations may apply to students with special needs if they are unable to meet expectations due to a disability of an intellectual, physical, sensory, emotional, or behavioral nature. It is expected as students move through successive grades, become older and more mature, they will be more socially responsible.

Restorative Approach: The focus of interventions will be restorative in nature. Interventions will not discriminate against a student who cannot meet an expectation because of a disability. Reasonable steps will be taken to prevent retaliation against the person who reported a code of conduct issue.

Every effort will be made to support students. However, if there are ongoing conduct issues after having implemented interventions, progressive discipline may include, but is not limited to, referral to an intervention committee, suspension, change of program, change of school, or involvement of the police when behaviour includes a criminal code violation. Serious rule infractions may result in withdrawal of privileges or suspension from school.

Minor Misbehaviour will be handled immediately by a staff and consequences appropriate to the misbehavior will be given. Consequences may include loss of privileges, recess/lunch suspension, school community service, apology or problem-solving.

Moderate Misbehaviour will be referred to school administration and recorded in a student file in the office. Moderate behaviour is sometimes difficult to define and typically requires a closer examination of the specific situation, the past history of the student and repeat offenses. As a result, infractions will be both situation specific and appropriate to the infraction and may result in a phone call to parents/guardians, the loss of school/classroom privileges, the completion of appropriate essays, problem solving sheets, recess/lunch suspension, and/or school based community service.

Major Misbehaviour is defined as the most serious of behaviour infractions and will be dealt with by the school administration. Examples of major misbehavior are physical harm or threatening behaviour towards others, open opposition towards authority, stealing, vandalism, or continuous repetitive disruptive behaviour, bullying / cyber bullying. This

misbehavior may result in an in-school suspension or an out of school suspension. The parents/guardians will be contacted, and work will be assigned for the duration of missed class time. With documented cases of bullying there will be follow-up with the victim's parents. The victim may be given additional support through counseling and a proactive plan.

Parents/Guardians are reminded that the school district practices a violence free policy with regards to weapons, drugs and alcohol. Infractions of this policy may result in an out of school suspension, or indefinite suspension, where a child and parent appear before a committee to decide on re-entry.

Parent support: Parents play an important role in the education of children and can help support school staff in maintaining a safe and positive learning environment for all members of the school community:

- Monitor and show active interest in their child's work, progress, and conduct.
- Communicate regularly with the school; respecting the confidentiality of others.
- Provide necessities for quality learning: regular meals, appropriate levels of sleep, hygiene, medical needs, appropriate dress and classroom materials.
- Ensure student punctuality and promptly reporting reasons for tardiness or absences.
- Review the Code of Conduct with their children.
- Assist school staff in dealing with issues of behaviour requiring intervention and discipline.
- Demonstrate respect for all members in school community.
- Model expectations of appropriate conduct.

ROUTINES AND EXPECTATIONS

SCHOOL SCHEDULE

Altered Calendar – School in July

Students are in session during July as Kanaka Creek is on a modified calendar. In July, your child is still being taught the provincial curriculum required for completion of his or her grade level.

We do not recommend that you take your child out of school for extended weekends or vacations during this time or any other time in the school year.

Start Times and Bells

8:28	Warning Bell
8:30	School Starts
10:20 – 10:35	Recess Break
12:00 – 12:40	Lunch
2:20	Dismissal

FREQUENTLY ASKED QUESTIONS

Absence(s)

- If your child is absent advise the office through the parent portal, by emailing KC_Reception@sd42.ca OR by calling the school before 8:30 am (604-467-9050). Information is on the school website.
- As a safety precaution, office staff will contact you if there is no notification of your child's absence. Communication must be with an adult.
- If your child has an appointment during the day send a note to kc_reception@sd42.ca AND your child's teacher so your child can be picked up and signed out at the office.
- If your child is absent for an extended period of time due to illness or surgery, contact the office as they may be eligible for the Hospital/Homebound Program.

Bicycles, Roller Blades, Skateboards and Scooters

- The school does not assume responsibility for the safety of bicycles, roller blades, skateboards, or scooters. For safety reasons, students are to walk their bicycles and scooters and carry skateboards once they enter the school grounds. Roller blades are to be taken off and put on in a designated area.
- All bicycles must have a good lock if they are brought to school. Record the serial number of your child's bike in a safe place, and write the child's name in the helmet. The School District does not carry insurance to cover bike theft.

Camera / Video

- In accordance with privacy rights students and visitors are not permitted to take pictures, video or recordings with electronic devices (or otherwise) of students or staff at school or at school-based functions unless under the direction of a teacher or administration. Please note this includes assemblies, fields trips, and special presentations.

Cell phones and the use of other electronic devices

- At Kanaka Creek Elementary, students are discouraged from bringing personal digital devices to school. When students need to use technology as part of their learning, they will usually use the devices provided at school. There may be situations when the school will ask a student to use a personal digital device for the purposes of inclusion and accessibility. Examples would be digital literacy, communication, medical and health needs or as defined within an individual education plan. Therefore, we ask that you please do not send expensive electronic devices to school with your child unless their classroom teacher has asked them to bring it for a particular educational reason.

Communication with Students

- Parents are encouraged to communicate with their child ONLY through the school office. While some students might have personal cell phones, most of the time these should be powered off and in their backpacks. Thus, if you have an emergent situation that needs to be relayed to your student, please contact the office at 604.467.9050.

Counselling

- If you want to speak with the school counsellor make a request through the office or classroom teacher.

Emergency Procedures - Fire Drills, Earthquake Drills, And other Situations

- Fire drills are held to teach children how to vacate the building quickly and in an orderly way in case of an emergency. Proper behaviour and a serious attitude are demanded from all students during fire drills. The evacuation plan is posted in each room.
- An Emergency Procedures Manual developed for all schools in SD42 is also posted in classrooms. Information is tailored to our site and covers all potential emergency situations including evacuations, lock downs, earthquakes, threats, suspicious persons, etc.

Illness or Accident

- To minimize risk to other students and staff, who are not well should stay home. Students who become ill during the school day will be monitored in the office until parents or a designated emergency contact can be reached.
- The School Act gives teachers the same responsibility as that of prudent parents. "Prudent practice" varies from parent to parent, but we try to be overly cautious. When, in our judgment, an injury or illness appears to be more than "minor or casual", we will contact parents. If there is no answer, we call the parent's place of work or cell phone number. If we are unable to reach a parent, we try the emergency number(s) provided. In obvious emergency situations we will call 911 and request an ambulance.
- All parents must notify the office whenever there is a change of number either at home, work, or with emergency contact. Parents must keep numbers up-to-date on the *Student Information Verification Form*.

Leaving School Grounds

- In the interest of safety, students are not permitted to leave the school grounds during lunch or recess without specific written consent of parents and knowledge of their teacher.

Lost and Found

- SD42 Policy requires all volunteers in schools complete a Volunteer's Safety Check Application. All drivers must complete a *Volunteer Driver's Application* and submit a Driver's Abstract form.

Weather

- Unless the weather is extremely adverse, students will be expected to go outside at recess and lunch.
- During the rainy and muddy season, it is helpful to provide adequate rain gear, and an extra set of clothing to be kept in the classroom. Children should also have a separate pair of inside shoes.
