Participation in Graduation Expectations – 2023/2024

Graduation Guidelines:

We look forward to celebrating this important milestone with your child. Please note that all Secondary schools in School District #42 adhere to a policy of allowing students to participate in the Graduation Ceremonies under the following conditions:

1. We believe in honoring students for their accomplishments and have endeavored to host Ceremonies that celebrate their graduation achievement. The student must have a passing grade with a minimum of 80 credits that complete a graduation program. Students are required to complete the Ministry of Education Numeracy and Literacy Assessment as well. Please note that all self-paced courses must be complete by **May 17, 2024**.
2. The student is in “good standing” with the school. Students under suspension are not permitted graduation privileges. As well, the student must have met the attendance requirements of the school - **no more than 15 days of absence or the equivalent number of classes (60)**. However, we understand that there may be unforeseeable medical circumstances and they will be individually adjudicated. Students who are absent due to illness need to provide a note from a parent or guardian to excuse their absence. In situations with long-term or on-going medical absences, we may request a doctor’s note.
3. The school and community continue to set high expectations for potential graduates, and “prank events” and other behaviors such as discrimination, property damage, and vandalism are not tolerated.

Parents of students in danger of losing this privilege will be informed in writing at the end of semester 1 and mid-way through semester 2. Final decisions may not be made until **May 24, 2024** and may be appealed to the Principal. **Students who are not permitted to participate in the graduation ceremonies for any of the above stated reasons will forfeit fees that have been paid towards the ceremonies (i.e. cost of cap & gown).**

In closing, I hope that your child has a wonderful grade 12 year. It is a significant milestone for families and their child, and we look forward to celebrating your child. We want to continue to build capacity in our students, so they become socially responsible, self-reflective, and communicative citizens in our community who set goals and strive to achieve them. The administration and staff at Maple Ridge Secondary School work diligently to support your child both academically and emotionally. It is our hope that all students at Maple Ridge Secondary School to do their best to achieve graduation.

Yours truly,

Mr. G. Frend
Principal
