## Emergency Procedures

The decision to close schools due to extreme weather conditions or in an emergency is ultimately the responsibility of the superintendent, who must balance the safety of students, staff and parents with the need to provide learning. The decision is not taken lightly and is the result of a carefully thought out process that is reviewed after each experience and refined if necessary. Please check the following social media sites **before** calling the school:

## The Redesigned Curriculum at Pitt Meadows Elementary

### NUMERACY:

*Using mathematical and logical thinking in context*

**N**umeracy is the ability to understand and apply mathematical concepts, processes, and skills to solve problems and make decisions in a variety of situations, including real-life scenarios. Numeracy goes beyond mathematics in that students solve problems by using the five processes: interpret, apply, solve, analyze and communicate across multiple subjects from kindergarten to Grade 12.

All students will write the Graduation Numeracy Assessment, which is a new provincial assessment and a graduation requirement. It assesses a student's understanding, application of knowledge and deeper learning, and has students apply mathematical reasoning learned throughout their education.

*Coming in February – Collaborative Learning.*

Grade 4/5 students are using visual tools (Cuisenaire Rods), to explore concepts about fractions. This is hands-on, playful approach is one of multiple strategies for solving problems and representing mathematical ideas in concrete, pictorial, and symbolic forms.

### *Redesigned Curriculum: Know-Do-Understand*

*All areas of learning are based on a "Know-Do-Understand" model to support a concept-based, competency-driven approach to learning. In this model, three elements work together to support deeper learning: Content (Know), Curricular Competencies (Do), and Big Ideas (Understand). BC's new curriculum design enables a personalized, flexible and innovative approach at all levels of the education system. All areas of learning have been redesigned using this model.*

Pink Shirt Day is on February 27th, 2019.

*"David Shepherd, Travis Price and their teenage friends organized a high-school protest to wear pink in sympathy with a Grade 9 boy who was being bullied [for wearing a pink shirt]...[They] took a stand against bullying when they protested against the harassment of a new Grade 9 student by distributing pink T-shirts to all the boys in their school. 'I learned that two people can come up with an idea, run with it, and it can do wonders,' says Mr. Price, 17, who organized the pink protest. 'Finally, someone stood up for a weaker kid.' So Mr. Shepherd and some other headed off to a discount store and bought 50 pink tank tops. They sent out message to schoolmates that night, and the next morning they hauled the shirts to school in a plastic bag. As they stood in the foyer handing out the shirts, the bullied boy walked in. His face spoke volumes. 'It looked like a huge weight was lifted off his shoulders,' Mr. Price recalled. The bullies were never heard from again."*

## GRADE 8 REGISTRATION INFORMATION 2019/20

FOR PARENTS OF GRADE 7 STUDENTS

### OVERVIEW

To provide an optimal learning environment for all students, the Maple Ridge - Pitt Meadows School District No. 42 (SD42) must manage enrolment across all schools, ensuring that enrolment numbers match building capacity.

"Where space and facility is determined to be available," the school district has an open boundary policy that allows flexibility in choice regarding which secondary school students may attend (*School Act section 74.1 Section 6*). Due to increasing enrolment in recent years, however, the majority of students are assigned to their catchment school. All our high schools meet the needs of all learners.

### GRADE 8 REGISTRATION PROCEDURES

#### ONLINE REGISTRATION

1

Registration opens at **12 pm (noon)** on **Tuesday, February 5, 2019**. All Grade 8 registrations are done through the *Parent Portal* at <https://parents.sd42.ca>. Each registration is time-stamped at the moment the registration form is opened to begin the online registration process.

#### DETERMINING CATCHMENT SCHOOL

2

The registration form will automatically populate with your child's secondary catchment school based on the residential address on file with your child's elementary school.

You can also find your child's secondary catchment school using the school locator tool at <http://www.sd42.ca/school-locator/>.

*New development areas may not show accurate results. Please confirm with your child's elementary school if necessary.*

*If the address you register on the portal does not match what is on file, proof of change of address will be required. Rental agreements are not accepted as proof of address.*

#### ACCEPTANCE CRITERIA

3

The size of the school facility may limit the number of out-of-catchment registrations that can be accommodated. The school district will accommodate **catchment registrations first**, then attempt to accommodate **sibling out-of-catchment registrations**. Sibling placement cannot be guaranteed, however. Our acceptance criteria are as follows:

1. *In-catchment area students who, in the previous year, attended the school;*
2. *In-catchment area students who, in the previous year, were placed by the district in a different school due to a lack of space*
3. *Siblings of in-catchment area students (grades 8 to 11);*
4. *New in-catchment area students;*
5. *Siblings of out-of-catchment area students enrolled in the school (grades 8 to 11);*
6. *Out-of-catchment area students currently attending an SD42 school;*
7. *Out-of-district students currently attending an SD42 school;*
8. *Students not currently attending an SD42 school but residing in Maple Ridge or Pitt Meadows;*
9. *Out-of-district non-resident students.*

## ONLINE REGISTRATION DEADLINE

4

Deadline for Grade 8 online registration is **12 pm (noon) on February 20, 2019**. If you do not register your child by the online registration deadline, you will need to complete a paper registration form at your child's catchment high school.

## PLACEMENT NOTIFICATION

5

Parents will be notified by email before Spring Break about their child's assigned school.

## TRANSFERS AFTER DEADLINE

6

Movement between schools after the February 20 deadline requires a transfer process. Transfer forms are available at all secondary schools.

*The ability to transfer will be limited by building space and available staffing. See Student Transfer Guidelines.*

*A review of transfer requests will be completed before the Grade 7 orientation date in May. Individual meetings and/or visits will occur after placement.*
