

Hello Families:

Please note that in response to students sharing their thoughts on our schedule we've made some adjustments in consultation with staff. This schedule will start on Friday, November 20 which is the first day of Q2.

[GRADE 8-9 Bell Schedule \(updated\)](#)

[GRADE 10-12 Bell Schedule \(updated\)](#)

- Classes for Grades 10-12 will start at 8:50. Students will line up at their designated door and they will be let in at 8:40.
- Classes for Grade 8 & 9 students will start at 9:00.
- Lunch for all students will start at 11:45 and Y block is now moved to the afternoon.

Please connect with the grade administrator if your child needs to be in their class before the designated start time as they require assistance from their teacher or have a prearranged meeting.

Also, please note the following changes:

November 18 **No set classes are running**, this is a Flex learning day- This day is for students requested by their teacher to engage for a portion of the day either remotely or on-site and for teachers to complete assessment of student learning for the ending quarter. Students will be told directly by their teacher if attendance is necessary on this day.

November 19th **No set classes are running**, this is a Health and Safety Orientation Day- Students may be requested by their teachers to attend either in-person or virtually, on any updated or new safety procedures. Teachers will connect with students via Teams if orientation is necessary on this day. Otherwise the Block C teacher will review health and safety procedures on the Friday morning.

Thank you for your continued support. May I kindly ask to you check with your child to ensure they pack their mask each day. As per Health and Safety protocols, masks are required in common areas and strongly encouraged at all times.

If you have any questions, please do not hesitate to reach out to us.

Thanks,

Cheryl Schwarz
