

## WORK AT HOME PERMISSION FOR GRADE 8 STUDENTS

### Quarter #1

Dear parents/guardians of THSS grade 8 students:

Due to the unique nature of our school structure this year due to Covid, our set classes for grade 8 students are held in the morning only. We know that many families want the opportunity for their student(s) to work at home as often as possible. As such, we encourage grade 8 students to take advantage of the afternoon for self-directed learning at home. With this signed form, your student may leave after second block and use the afternoon for learning at home.

Students who do not work from home after second block will be assigned a seat in a multi-graded work area where they will be physically distanced from peers. Students will be supervised by staff, and students will not be permitted to wander the building freely. Students who are staying for the afternoon are free to leave the building at lunch and return at the end of lunch hour to an assigned exterior entrance. Students staying for the afternoon who do NOT leave for lunch, will be assigned a seat in a work area for lunch. Students may NOT wander the halls.

If your child has a learning support teacher, that teacher will connect with you about support options for the afternoon.

Please note: if you indicate your child will work at home after second block you may still email us to set up times to stay if need be ie student needs extra help etc.

**PLEASE HAVE YOUR STUDENT BRING THIS FORM TO THEIR TEACHER AT THEIR HEALTH AND SAFETY ORIENTATION**
