Aboriginal Education

“Introducing Aboriginal Education Leadership Program:

“Our Indigenous youth are the changemakers of generations past who have lived through the years of oppression endured by the introduction of the Indian act. The youth of this generation are our future, this is a call out to our Aboriginal, Indigenous, Inuit, Metis, and Inuvialuit students, to come “together” (via zoom for now), to be one heart, one hand, and one mind. We will support our students in initiatives that bring awareness to the needs of our communities, including issues that impact our people and the natural world. By providing a space to be empowered to develop their leadership, advocacy, critical thinking, and lifestyle skills, by supporting their school, community and society. This is also a call out for those students who want to walk alongside us as advocates and allies to support our program or projects. The participation in AbEd Leadership enables our learners to grow, lead and help others, meet new people and build connections, experience their community in new ways. This program also aims to support them as they come to their end of high school in volunteer and community service hours needed for resumes, for Colleges and University and scholarship and bursary applications”.

First Meeting Date:

Our first meeting will be Wednesday December 9th at 1:00 pm via zoom. If you have students interested in participating please have them come and see Natalie, Billie, or myself in Aboriginal Education room 1109 for a zoom link invite.
