Are you interested in environmental issues and climate change? Are you interested in creating an eco-conscious school community? Want to help in the THSS orchard? Come and join the THSS Eco-Action club!!! Please message Mrs. van der Pauw on TEAMS or come by in person to room 2140 to join! The club meets once a week at lunch.

FIX IT FRIDAYS

The THSS Science Great Hall would like to welcome you to **Fix it Fridays** (AKA THSS Friday ABC Fix-all Fixology Fixicians).

If you've got an itch to fix, feel free to stop by the SGH on Friday afternoons for an opportunity to flex your fixology skills. Got a broken toy you wish you could still play with? Come and fix it! Broke your fingernail? We got you! A cat or dog that needs to be neutered... that's not what we do! We got hammers, we got nails, we got buckets we call pails. We got skills, we got knowing, we'll even fix fabric tears with sewing.

Send a snap chat to your best friend, post a tik tok to your followers, message your bestie on Facebook, tweet your twitter account, update your myspace and send a message on MSN, AOL and ICQ, to get your fix this Friday afternoon in a Science Great Hall near you!
