ALL CAN REMAIN UP-TO-DATE VIA THE GRAD PAGE ON TEAMS

The screenshot shows a Microsoft Teams interface. At the top, the title bar reads "Microsoft Teams" with menu options "Edit", "View", "Window", and "Help". The system tray on the right shows icons for network, volume, and battery, along with the date and time "Mon 12:09 PM".

The left sidebar shows the "All teams" list with a team named "THSS Grad '22" selected. The team's icon is a yellow graduation cap. Below the team name, the "General" channel is visible.

The main chat area shows the "General" channel with the following messages:

- Daniel Grill** (09-14 12:39 p.m.): Hey Grad class of 2022. Welcome back and happy to see so many of you once again!!!
- Daniel Grill** (09-14 12:40 p.m.): Just a reminder that you have your upcoming Grad barbecue on September 17th. Hope you can all make it out. (6 likes)
- Drew Clutchey** (09-16 11:20 a.m.): **Haven't had your height measurement yet?**
Options:
 1. If you know your height in feet/inches, send me a message on Teams with that info. Just make sure you actually know.
 2. If you don't know, you can do one of two things: (a) wait until retake day on Oct 13, or (b) come to room 1121 during the times I am in there. My schedule is on the master timetable on our website, and there is also a schedule posted on the door outside my room.(2 likes)
- Inderjit Sekhon** (09-20 8:42 a.m.): (1 like)

Timestamps for the messages are: September 16, 2021 and September 20, 2021.

SCHOLAR TREE

A new site that seems to have been receiving positive reviews is ScholarTree

- [ScholarTree.ca](https://scholartree.ca)

One example of a tool found on their website is the School year budget planner:

https://static.scholartree.ca/resources/school_year_budget_planner.xlsx

The screenshot shows the 'School Year Budget Planner' page. At the top, there is a header with the site name and logo, and a URL: <https://scholartree.ca/>. Below the header, a brief description states: 'is a tool designed to help students financially plan for the upcoming year of post-secondary school. Determine if/how much debt they will need to take on to pay for school.' The main content area is titled 'It works:' and contains several paragraphs of text explaining the tool's purpose and how to use it. Below the text, there are three tables with financial data. The first table is titled 'How Much Money Do you Have?' and lists various sources of funds. The second table is titled 'Tuition' and asks for the user's tuition cost. The third table is titled 'Living Situation' and asks for details about the user's living arrangements. The final table is titled 'Income' and asks for the user's monthly income.

Two B.C. students win \$150,000 scholarships

BY FRANK LUBA
THE PROVINCE

Unlike so many graduating high-schoolers, Tristan Downing of Surrey isn't struggling with the decision over where he's going to school in the fall or how he's going to pay for it.

Downing, 17, learned Friday that he is one of three recipients of the Blyth Cambridge Commonwealth Trust Scholarship — the most valuable award available in Canada to pursue an undergraduate degree.

"I'm thrilled," Tristan said Sunday. "I think the news still hasn't really sunk in."

The scholarship is worth about \$150,000 and will cover tuition, living expenses and travel for three years between Canada and any college at Cambridge University in England.

Tristan, whose marks last year in the International Baccalaureate program translated into a 97-per-cent average, intends to study engineering at Cambridge's Pembroke College.

"I think I'm well suited to engineer-

ing," he said. "It's a tangible way of making an impact on the world where help is needed."

Tristan said the work done by Engineers Without Borders was "inspiring." Another winner of the scholarship is also from B.C.

Chloe Houle-Johnson attends Lester B. Pearson United World College in Victoria. She intends to study land economy, also at Pembroke College.

The other Blyth winner is James Rickards from Colonel By Secondary in Greely, Ont. He intends to study

mathematics at Cambridge's Trinity College.

The scholarship is jointly funded by Blyth Scholarship and the Cambridge Commonwealth Trust. Blyth Scholarship chairman Sam Blyth graduated from Cambridge and has been helping send fellow Canadians to the school for more than 10 years.

Affiliates of Cambridge have won more Nobel Prizes than any other institution in the world.

SCHOLARSHIPS ARE THAT EASY TO APPLY FOR!

Hi Daniel Grill,

I'm emailing you from [Wize](#), a BC learning platform hoping to help our local high school students through COVID-19.

We just released free academic resources and a \$1000 cash scholarship for Grade 12 High School students in Canada to help support the financial burdens of transitioning to postsecondary life: wizedemy.com/high-school-scholarship

We have designed our scholarship to be as simple as possible to complete:

- No essay(s) required
- 3 minute application process
- No financial info collected / purchases necessary

I was wondering what you thought would be the best way to inform Thomas Haney Centre students about this financial support. Is there an opportunity to be included in a list of scholarships on your website, or be added to an email newsletter regarding scholarships?

We know this has been an especially challenging year for staff, administrators and students alike, so we hope we can work together to help! Please let me know if you have any questions, or ideas of ways that we could better distribute this scholarship.

Wishing you all the best,

Peter

CHOOSING THE RIGHT SCHOOL

IN ORDER TO MAKE AN INFORMED CHOICE

- Visit campuses - do a tour
- Attend information sessions, open houses
- Sit down with an advisor
- Talk to students who are there
- Meet with Ms. Sekhon in Career Center
- There are people on every campus who are hired to talk to prospective students. They are the "best" experts, not always us. (we are good too!!!)
- SHOP AROUND

Other University Options in BC

Capilano • KPU • UFV • TRU • VIU

- Universities offering a combination of degree, career/specialty, trades, and technology programs.
- More education-based institutions.
- Selective Entry and Open Access Entry

University Options in BC

UBC • SFU • UVIC • UNBC

Traditional universities offering degree programs in various disciplines

- Competitive Entry
- Research based institutions.
- Check acceptable Courses, % Grade, English and Math requirements for each University and Program
- Specialty programs may have more complex requirements
 - check carefully!

UNIVERSITY ADMISSION AVERAGES

- Averages change from year to year – students are encouraged to apply if they meet minimum averages.
- Averages are based on the grade 12 courses required for entry into the university program.
- Some universities used broad-based admissions. UBC and SFU have moved to this method. This means admission is based on marks, school and community service, and extra-curricular activities. This is an additional part of the regular admission application. Five written parts- very important to do this well.

CHANGES TO UBC / SFU ENTRANCE

UBC

- Required for entrance from high school:
 1. high average (mid 80's ?) in SIX academic courses
 2. Well answered broad based questions
 3. Now, will take into consideration ALL grade 12 courses, as well as grade 11 academic courses.

SFU

- Required for entrance from high school:
 1. High average (mid 80's?) in FIVE academic courses.
 2. System where some courses are prioritized over others (Tier 1 and Tier 2)
 3. Different programs require different combinations from the two tiers.

UNIVERSITY OF ALBERTA VISITS THOMAS HANEY ON FRIDAY, NOV 19TH

- **From:** Callie Schneider
Sent: October 12, 2021 3:16 PM>
Subject: University of Alberta Presentation
- This is Callie, Student Recruiter in National Recruitment at the University of Alberta. I wanted to let you know that the University of Alberta is visiting Maple Ridge this fall and we would like to visit Thomas Haney Secondary to present to prospective students provided public health guidelines allow at that time. Would 1:00 PM-2:00 PM on Friday, November 19 work for a UAlberta presentation for you and your students? Our presentation covers information on our programs, campus life, and admission requirements. Any grade 10-12 students interested in the University of Alberta are welcome and encouraged to attend!

EducationUSA Canada

HELPING CANADIANS WITH THEIR EDUCATIONAL GOALS

Who We Are

EducationUSA is a U.S. Department of State network of over 400 international student advising centers in more than 170 countries. The network promotes U.S. higher education to students around the world by offering accurate, comprehensive, and current information about opportunities to study at accredited post-secondary institutions in the United States. EducationUSA also provides services to the U.S. higher education community to help institutional leaders meet their recruitment and campus internationalization goals. EducationUSA is your official source on U.S. higher education.

How We Help Students

EducationUSA Canada provides free resources to Canadian students to guide them through the process of studying abroad in the U.S. Here are some things that we do:

- [Virtual Events](#)
- [Social Media Updates- Facebook, Instagram](#)
- [Zoom Advising Sessions- Fill out the Pre-Advising survey to get started](#)
- [Student Spotlights and Admissions Advice On Our Blog](#)
- [Videos with Admissions Advice](#)

UNIVERSITY TRANSFER OPTION

- Many students choose to visit a college first before heading to University. Students do this because:
 - College is often cheaper and saves money.
 - Classes are often smaller and more supportive.
 - It makes for an easier transition.
 - Colleges are often closer to home.
 - Teaching is tailored more to student needs.
- Students may take up to 60 SFU credits (3 credit courses) or up to 30 UBC credits (1.5 credit courses) on a University transfer program.
- This is usually 2 years of full-time study.

OTHER POST SECONDARY INFO SESSIONS OF INTEREST

- Post Secondary information sessions have also been organized for those students who are visitors to Canada via International Education. For information on these sessions, please connect with Mr. Grill
- Post Secondary information sessions have also been organized for those students of Aboriginal descent, be they First Nations, Inuit, or Metis. For more information on these sessions, please connect with Mr. Grill or Ms. Robertson.

SO MUCH TO DO...

- Use a checklist of things to do for your post-secondary plan.
- Create a folder to collect info.
- Record all deadlines.
- Scholarship/bursary information.
- Send transcripts or self-report grades on-line and send in other required documents (resumes, essays) as required.
- Keep a copy of all documents.
- If you talk to someone at the post-secondary school about a problem on the phone, get the name of the person you talk to.
- ***Thinking of the trades: tradestraining.ca and itabc.ca are two good sites.***

AND IF YOU DO NOTHING ELSE

- Have a Plan A, Plan B and a Plan C
- An excellent plan is to consider college then transfer to university after a year or two.
- Check the post secondary websites frequently
- Attend campus Open Houses – FREE
- Be well aware of deadlines and give yourself lots and lots of time for submissions.
- Parents- GET INVOLVED

THINKING ABOUT THE FUTURE

- A few facts to consider when thinking about post-secondary:
 - Over 50% of students today will be self-employed, or work for themselves.
 - Over our lifetimes, it is predicted that the average Canadian will change careers seven times on average.
 - Some of the most popular jobs today did not exist five years ago. Top jobs that will be found five years from now likely do not exist as we will come to know them.

THINKING ABOUT YOUR FUTURE

FINAL THOUGHTS

- Apply to a college early to ensure you have somewhere to go.
- If a student is getting behind or getting poor marks here, what will happen at university?
- University professors do not use the words “**deal**” or “**plan**” when it comes to students who fail to hand in work on time.
- Unless your child has a high “B” or “A” average in academic grade 12 courses, the chances of being accepted in a major university (UBC, SFU) are very slim to nil. Local colleges or smaller universities are a great option for a year or two (and cheaper).
- GO ONLINE FOR REPORT CARDS EACH TERM, CHECK ALL GRADES, AND DON'T FORGET ON-LINE COURSES.

IN CONCLUSION...

- Any further questions, email one of the counsellors or career planning assistant:
