Wednesday April 20 – Waste not Wednesday

Today is Waste not Wednesday! The challenge is to create as little garbage as possible. Post your zero waste lunch pics or any pics that show you rocking this challenge on Instagram and tag [thssactive4earth](#).

**DID YOU KNOW** ....Canadians generate about 31 million tonnes of garbage a year (and only recycle about 30% of that material). Each Canadian generates about 2.7 kg or 6 lbs of garbage each day. All of this waste goes back into our soil, our air, our water.

Today – pay attention to what you are throwing in the garbage. Waste not today! Use materials that are reusable or recyclable.
