

Dear Grad Parents,

The tradition continues! If you are wanting to leave a timeless, heartfelt tribute for your graduating child in this year's yearbook – please see the example and details below. The funds raised go towards the yearbook and photography program, which helps with the learning and funding for the equipment used to create the yearbook.

Charlotte Smith

Char, we can't even begin to tell you how proud we are of you. You've been the most incredible light in our lives. From the moment you arrived you brought your independent spirit and sassy little attitude. You always danced to your own beat, and sang to your own song. May you continue to do this throughout your life. Congratulations to you - and now go show the world what we already know, which is how amazing you are!

We love you so very much!

Mom, Dad, and Josh
