

Attention 2025 Grads!

Are you ready to start your post-secondary career? Are you interested in a career in Health Care, Teaching or as an Emergency Medical Responder? If so, explore SD42's **Dual Credit** options. Students have the opportunity to complete; an EMR Associate Certificate, or first year post-secondary courses in the areas of Health Science and Sport Science. And all of this is **tuition free!**

Dual Credit in SD42

Dual Credit allows students to take post-secondary courses while still in high school. And for every course taken, the student receives both the high school credit and the post-secondary credit. It's a **2 for 1!**

Here's how it works

Westview Secondary School is the district's new Dual Credit Hub. Students who register in a Dual Credit program will become part of a co-hort on a special tri-semester schedule.

Douglas College Sport Science/Health Science
