Girls Basketball at Westview

This spring, we will be hosting a Girls Only basketball program, which will provide an opportunity to build our girls basketball community and offer skill development and learning opportunities.

The program will run on Friday nights at Westview, from 6:30-8:00pm, for six weeks, beginning this Friday, April 25.

Each week will feature athletic and basketball skill development, as well as small-sided 3x3 games. We love 3x3 because it provides many opportunities for each player to have the ball in her hands, making decisions and executing skills in game situations.

This is a community program, and we will be welcoming athletes from schools across the district to come and learn and compete together.

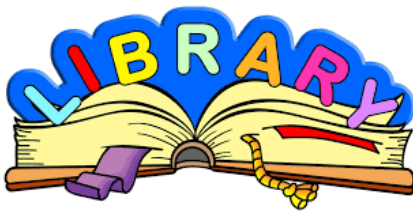

Because it is running outside of the official high school basketball season, this program is a community program that requires registration and payment.

You can find the details, and get registered here:
