Career Centre News!

After-School Coding Program

Kids Innovative is looking for volunteers to help with an after-school Coding Club at Golden Ears and Maple Ridge Elementary. No prior experience is required - just an interest in working with kids and some basic computer skills (typing, Google search, etc.).

This is a great way to gain experience in education, mentoring, and STEM programs. See Mrs. Sekhon in the career centre or send a message through TEAMS.

Attention grade 11 & 12 students: Volunteers are needed, this is where little sister rides. Therapeutic riding for people with special needs. A wonderful place and always looking for volunteers.

Meadowridge is going to host the 2025 fall University of Toronto's Info Session on TODAY. UofT's representative will introduce UofT's undergraduate programs and admission policies about their amazing three campuses. Everyone in the community, students, parents, and educators, are welcome. Please find RSVP information in the career centre.
